When and how do I pay?

For Fixed-Term Policies, if you agree to pay the premium in full upfront, it must be paid before you can receive coverage or technical support, and no claim will be met under this policy if the premium has not been paid in full.

If you pay the premium by instalments, you will be required to enter into a payment plan agreement with a payment plan provider, and you will receive the theft and loss coverage, and the hardware coverage or technical support from the time you enter into the payment plan agreement. You must ensure to pay your instalments in accordance with the terms and conditions of your payment plan agreement.

For Monthly Policies, the method of payment used to purchase your initial policy will be automatically charged in advance of the first day of each month unless and until cancelled. Your premium must be paid before you can receive coverage or technical support.

When does the cover start and end?

Coverage starts on the date you purchased AppleCare+ with Theft and Loss. This means that if you buy AppleCare+ with Theft and Loss after you purchase your iPhone you will only receive coverage on your iPhone from that date.

For Fixed-Term Policies, coverage ends 24 months from the date you purchased AppleCare+ with Theft and Loss as shown on your sales receipt, unless otherwise stated on your proof of coverage certificate. For Monthly Policies, your monthly coverage will automatically renew each month unless and until cancelled.

Coverage may end earlier if you have exercised your right to cancel or, for theft and loss coverage, if you are no longer eligible to make a claim for theft or loss as two valid claims have been processed within each 12-month period. Your accidental damage coverage, hardware coverage for battery depletion, and technical support will continue until the start of your next 12-month period, which will be the anniversary of your Policy purchase date, or the end of your Coverage Period provided you have not exercised your right to cancel.
